Metalam Donor Plaques offer a classic brushed brass image at a more economical price.

These items prove to be a useful tool in enhancing the success of your fundraising efforts. Donors see your elegant expression of gratitude and respect. Potential donors see an opportunity to be included and recognized.

Add-On Metalam plaques incorporate brushed brass and bronze finished plastic to create a beautiful image. The main headline and name inserts are in brushed brass while the memorials and subheadings are in brushed bronze.

The brushed brass Metalam has a black core to produce black lettering, and the brushed bronze Metalam has an Ivory core which produces ivory lettering.
