Double Wide Large-Format Directory

Create your own Large-Format Directory in the style you desire. Choose Double Wide with Integrated (attached) or Non-Integrated Header. Non-Integrated formats are ideal if future expansion is anticipated. Of course, we can assist you in designing and pricing a directory that meets your individual needs.

Custom Sized Directories

Directories of any size can be created to fit your space and requirements. For pricing estimate, determine per row pricing for the closest standard size and calculate as follows.

Example: For a 15 row x 16" wide directory in **Series 504005**, refer to Key BK (the 14 row price) which is \$384.00. Divide this price by the number of rows (14) to get a per row price of \$27.43. Then multiply this price by 15 rows to get \$411.45.
