ClassBrass Laser-Etched Memorial Plates

Understated and highly adaptable, Zax's ClassBrass Laser-Etched Memorial Plates quietly speak volumes about your appreciation. Skilled craftsmanship and the Laser-Etched techniques result in fine quality, solid brass plates which can display sophisticated type styles and artwork.

ClassBrass plates are satin-finished, lacquer-coated, and baked, with contrasting black letters. This process reproduces fine line art and / or intricate type styles with perfection.

Plates come in two thicknesses - .025" and .050" - and can be mounted with adhesive or screws (plates larger than 6" x 4" should be screw mounted). See type styles on page 7A.
