

Custom Engraved Signs

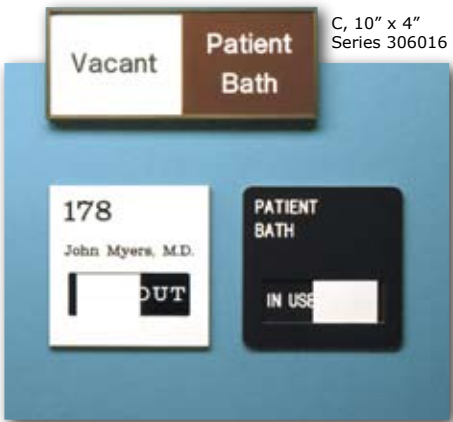

Vacant / Occupied Signs

Display the status of a room or door with a sliding sign. Eliminate interruptions and confusion with clearly indicated messages such as "Occupied / Vacant" and other status changes or designated uses. Engrave custom wording on a movable plate which slides, to expose the applicable message/status. Framed and unframed styles are available in your choice of 26 plastiflex and 3 Metalam colors (see page 4A).

Sliding signs come in 3 standard sizes:

6" x 6", 8" x 8", and 10" x 4" - framed or unframed. Optional radius corners are available with unframed units. Framed units use M-22 broadline aluminum frame in satin anodized or bronze duranodic finishes. Twelve type styles are available. Refer to page 5A. For ADA compliant signs please request pricing.

Radius corners are \$1.95 per plate and available on unframed signs only. Foam adhesive mounting tape is standard.

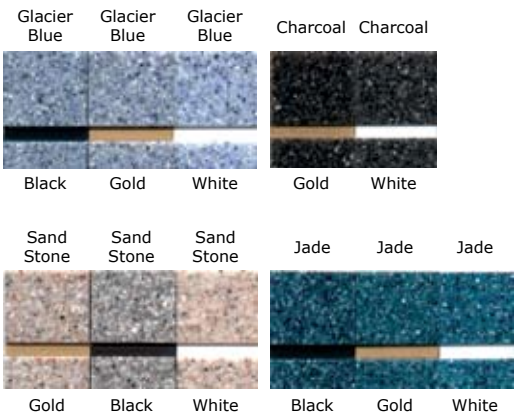

Stainless, Framed and Custom Signs

Introducing our **NEW** product line. Custom colors with a rich look. These signs have the look of granite at a fraction of the price..

Please call for a custom quote on all granite products!
