

Multi-Name MetalGraph Plaques

Multi-Name MetalGraph

An impressive look at an affordable price.

Recognize past contributors with a wood-mounted, multi-name MetalGraph plaque featuring glass-smooth surface, razor-sharp type and dense black lines. A truly distinguished look.

Zax now has 10 sizes to choose from, and varying options of presentation to achieve the look you desire.

Prices listed include up to 3 lines of copy for your main heading. You may select American Walnut or Oak wood on which to mount your plate.

Virtually indestructible, even when used outdoors, MetalGraph is a modern marvel. The process embeds a permanent black image onto a Gold or Silver tone .020" thick anodized aluminum plate. This metal will not chip, fade, crack, peel, tarnish or corrode.

MetalGraph plates are mounted on 3/4" thick wood panel for plates up to 12" x 15". Plates over 180 square inches) are mounted on 1-1/2" thick panel. This adds a more substantial appearance and decreases the incidence of warping.

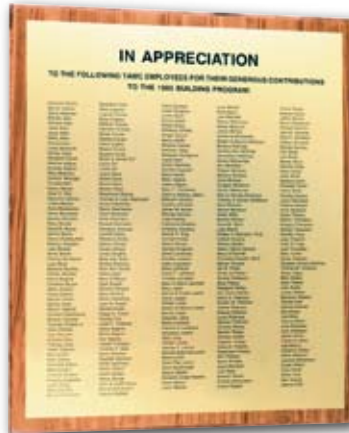

Note: 20" x 24" is the largest size of gold-tone plate available. For lists with over 375 names, two plates can be mounted to a wooden panel.

Note: Please submit your complete list in the order you would like it to appear on the plaque. If you have more than 34 characters in one line, please specify where you would like the line to break as 34 is the character maximum per row. Always include the appropriate subheadings above each group of names.
