"Mini" Tree of Life with a Cast Bronze Trunk

When smaller is more suitable.

Zax's new 150, 175 and 200 leaf Mini Tree with Cast Bronze trunk to fit smaller donor name requirements. Though smaller in size, this Tree has the same specifications as the larger Trees of Life on the previous page.

An available option is to order leaves in a combination of colors - solid brass, copper or aluminum - to designate various levels of contribution. For Major Donors we recommend Bronze Stones (illustrated on previous page, Keys BB and CC). These medallions look great mounted on both sides of and / or underneath the tree.

Optional custom-cut brass plates which fit the four stones at the base of the tree trunk are also available. Special cutting, drilling and tapping is required; see prices in column 3. See engraving prices in the previous column for one, two, three or four lines of text.

- * Add-On Sides and Top are not available in Series 802015
- * Leaf Engraving Prices: See First Column.
- * Extra Blanks: In Brass, Aluminum or Copper - 4"w x 1-1/2"h - \$6.00
