

# Add-A-Leaf Living Tree of Life

## Add-A-Leaf Tree

### Now with Cast Bronze Trunk!

For those on a small budget, or with a fewer number of donors to acknowledge, Zax's new Add-A-Leaf Living Tree is designed to be displayed from the very beginning of your fundraising effort and added to as donors contribute.

Zax's exclusive Add-A-Leaf feature allows you to add inscribed leaves individually. Your trees take shape one leaf at a time. What an incentive to donors!

Leaves in brass, aluminum or copper are mounted with screws onto richly finished solid North American Oak or Walnut wood. Trees have adhesive backing and are "press applied" to your wall. The tree's trunk is made of solid sculptured cast bronze.

These "Living Trees" are a unique and heart warming display of appreciation and purpose. Enhance the success of your fundraising campaign with this ever changing reminder, recognition and incentive.

Zax offers 7 basic tree sizes (see illustrations). You may add or remove any number of leaves from the standard total. Start with as few as you like or need, and add to it gradually. Your tree will always look beautifully proportioned!

\* Refer to the price list for trees which are "All Assembled."  
 \* Prices include complete cast bronze trunk, blank metal leaves in brass, aluminum or copper, attached to solid oak or walnut wood blocks applied to clear Plexi panel.

## Create a Benefactors Wall of "Living Trees"

### An exquisite way to recognize your donors.

Display "Twin Trees" as pictured at the bottom of the illustrations. Start with any of the seven trees offered above, and as donations grow, simply add a duplicate tree to create twice the visual impact or to work with placement considerations.
