

Add-A-Leaf Living Tree of Life

Tree of Life

For that special touch you can customize your tree trunk!

Perfect for that extra generous donor, or you can include a favorite psalm or the name of your campaign.

This plaque is cast directly into the tree trunk, not attached to it, which makes your tree one of a kind.

It is only available on our "Tree of Life" (279, 350 & 450) leaf trees. The plaque is approximately 8-1/2" x 9" and adds \$795 to the cost of the tree.

See page R16 for Tree of Life Prices

Mounting Methods for Bronze Plaques

BS - Boss & Stud
Bosses on back, drilled and tapped for threaded studs to conceal mounting on brick and stone.

RT - Rosettes & Toggle Bolts
Toggle Bolts are for hollow tile or a cement block wall using optional rosette covers.

RM - Rosettes, Machine Screw & Expansion Sleeves
Expansion bolts for brick, stone or cement using optional rosette covers.

WS - Wood Screws
For mounting to wood surfaces. Can also accommodate rosette covers on larger plaque sizes.

Bronze Ground Stake Mount

Bronze plates which are less than 12" wide require the purchase of a brass rod (24"h x 3/8"w). Bronze plates over 12" wide must be ordered with a Bronze Duranodic post (24"h x 1-1/2"w x 1" thick).

Brass Rod Stake Mount #837747B
Mounting pad cast on the back of the cast plaque accommodates a 24" x 3/8" threaded brass rod. Stake mounts can be angled 45 degrees. Maximum plaque size is 12" x 8"
.....\$89.00

Garden Stake Mount #837747D
Bronze stake measures 24" x 1-1/2" and attaches to back of plaque w / 10-24 machine screws. Stake is painted to match plaque and can be angled 30 degrees. Maximum plaque size is 12" x 8" for one stake
