

Trees of Life

Trees of Life

Endless expansion possibilities to stimulate the interest of new donors.

The combination of bronze and brass has a warm, elegant appearance. The Trees of Life project an image of quality and stability with their solid bronze trunk and ClassBrass leaves. The bronze trunk is custom cast at our foundry.

The ClassBrass leaves are screwed into a clear acrylic panel that sits over the trunk and branches. The acrylic panel(s) protrude approximately 1" from the wall. All hardware is furnished for easy installation. To have the leaves engraved, simply unscrew the blank leaves and mail them with a list of donor inscriptions to Zax for prompt return. Extra leaves are also available (see price list).

Major donors can be acknowledged using larger "Class-Brass" plates attached with screws to cast bronze stones.

The Bronze Stones Available in 3 Sizes

Key BB, Key CC and Key DD. These stones are essential in soliciting major gifts. Prices on page R17.

Zax offers three sizes to accommodate the following number of leaves:

- A.....279 leaves
- B.....350 leaves
- C.....450 leaves

Additions:

- D (Sides).....192 leaves
- E (Top).....104 leaves

By adding these sections (Key D and E) at a later date, your 279 leaf tree (Key A) can be expanded to a total of 575 leaves and your 450 leaf tree (Key C) can be expanded to a total of 745 leaves. Leaves are now available in Brass, Aluminum or Copper. Ideal to designate various levels of giving.
